Le Sueur-Henderson High School was awarded a Future Ready CTE Grant in the amount of $32,500.

PURPOSE:
• Strengthen the Manufacturing Pathway which currently offers Metals I, Metals II and Advanced Metals.
• The equipment purchased will allow students to gain workforce ready skills that will be transferable to their future jobs in the Engineering, Manufacturing, and Technology Pathway.
• A CNC Plasma Cutter, Mastercam Software, and a Plasma Arc cutting tool

INDUSTRY PARTNERS:
Cambria and Wingnut Welding and Repair
