"I wanted to share our ACT results for the Class of 2019 with you. This is the first group that has gone through the OnToCollege program.

We tested more students than ever before and outperformed the state. Our state rank in MN increased from 159th to 118th in one year!"

Marshall High School, Minnesota

"I am very pleased with how much growth our students made as compared to their predicted scores! Once again, OnToCollege made a world of difference for our students and really opens the door for many students to attend college and earn scholarships. As a school, our composite score improved by an average of 2.65 points!"

“For the last 8 years the students at Twin River (NE) have been using OnToCollege. Taking the ACT is one thing and being prepared for the ACT is another. The resources provided from OnToCollege do just that: prepare our students extensively to take the ACT and other important tests throughout high school. We’re 1.4 points above the state ACT average!"

Twin River High School, Nebraska

Roger Ried
PRINCIPAL

“This is the best program I’ve ever seen for increasing a student’s ACT score. I know because the research on my students shows the increase. One rarely hears students bragging and promoting an academic program but they do OnToCollege with John Baylor. Our district is consistently rated in the bottom ten for being financially ‘well-off’ yet we spend the money on this program because it is that beneficial to the students."

Southside High School, Arkansas

OnToCollege has partnered with CESA Purchasing, MREA, Minnesota co-ops, and NDESC to provide discounts to their members. Contact us to learn more!
