### Data Analyst - January To Do List:

- **Take the Tiered Fidelity Inventory (TFI)** with your PBIS team for tier 1. Does your team need help facilitating this? SRIP would be happy to support your team for free to facilitate and action plan on next steps to support implementation. Do you need help to log on to [www.pbisapps.org](http://www.pbisapps.org) to take this assessment? Watch this video on how to log on: <https://youtu.be/vrWAU7y0xWE> or email [liz.deen@swwc.org](mailto:liz.deen@swwc.org) if you need log in credentials.
- **Review your office discipline referral (ODR) data.** How does 2021 compare to 2020 and before? Are there some areas your team can problem solve specific interventions to support students? Do you want or need support facilitating this data decision making process? SRIP external coaches are free and can come to your team to lead this discussion.

# Coaches Checklist

## Coach January To Do List:

- **Plan to re-engage with students about building wide expectations** - what are they? Are they posted? Are staff referring to them often? Does your school have an assembly coming up to discuss school-wide expectation in all locations? Would it be helpful to walk around to each location and discuss expectations and how well students are doing with each?
- **Review your acknowledgement system** - is it working? Are staff noticing students following building-wide expectations? Are students receiving behavior specific feedback? Think about how your school can really focus in on specific areas to discuss and notice students demonstrating the expectations. Could your team put together a weekly focus or target for the next two months?
- **Consider joining other coaches and team members at PBIS Sustainability Day** conference to learn and share together! Conference is online this year on February 4 from 8:30 am - 11:50 am. There will be breakout sessions to dig deeper into PBIS. Click [HERE](#) to register for the free conference.
