

## Renewing Our Love Affair With Teaching

### Educator Renewal and Leadership Workshop Series

This school year, South Central Service Cooperative is offering a short workshop series to your teachers and/or leadership teams.

**HELP** your educators rediscover their teaching roots

**STRENGTHEN** your educators' understanding of what communities want for their children

**GROW** your educators' love of teaching and improve their practice

**INCREASE YOUR** educators' understanding of what their students want for themselves

The series includes **two kickoff discovery workshops** that can be accessed anytime this fall or later followed by **personalized learning** and **impact projects**. You and your educators can enroll directly in the workshop series that will be facilitated by our SCSC PD staff or you can work with our experts to customize the workshops for your organization and facilitate them with your own leaders. **TUITION IS FREE** for all SCSC member school districts, paid for by a set of grants.
